

# Jet Boom (Imp) Q467

Bred by Bud Warren in Oklahoma in 1971, Jet Boom was a son of the immortal Jet Deck AAAA and out of the really well bred mare, Shady Lena. He carried the bloodlines of both Sugar Bars and Leo.

Jet Boom was Imported by Winderadeen Quarter Horses in 1972 and although bred to race, he never saw a track. During the 1970's he was campaigned by Phil Webb for Winderadeen and was one of the greatest and

most versatile horses seen in this country. He earned his AQHA Championship title and Superior Awards in Reining, Western Pleasure and Western Riding; ROM's Halter, Western Pleasure, Reining and Western Riding and Bronze Century Awards for Western Riding and Western Pleasure. He was a stunning Cowhorse to watch in action and was the icon that western riders aimed for when training their horses.

His performances were outstanding but it is as a sire that his influence has proven truly great. With a total number of 256 registered offspring, Jet Boom produced outstanding performers in many fields from Eventing and Hacking to Cutting, Rodeo and Sprint Racing as well as Western Performance champions.

His daughters are truly in demand for breeding those outstanding performance horses everyone wants. Jet Boom mares have produced top class performers in many fields including Cutting, Western Performance and Rodeo work.

He has produced 13 AQHA Champions and 7 Youth Champion horses. Included in his great list of performers are horses like the mighty Jet Watch, winner of the 5th All Australian Sprint Racing Futurity; Winderadeen Just A Babe; Cagii Boom; Beggar Boom, AQHA High Point Rodeo Horse of Australia; Winderadeen Kameo Boom, winner of all the major 2 Year Old Western Pleasure Futurities; Hollywood Lena, NCHA High Point Cutting Mare for Australia in 1985, and many, many more.

He is the paternal grandsire of outstanding performers such as Yulgilbar Elegant Chick; Peppys Little Jet, a top Non Pro Cutting Horse; Somerosa Zips Boom, NPHA Junior Western Pleasure Champion and Amateur Junior Western Pleasure Champion; Winderadeen Boomer, a top Pleasure horse.

Winderadeen is very proud to have been associated with such a great horse and to lose him in June 1997 was a great loss.

His entry into the AQHA Hall of Fame is indeed a great honour for him. His contribution to serious Quarter Horse breeders in this country has been, and will continue to be, outstanding.
